(1 639 MUSD)

HEXPOL Kennedale

Site Overview

- 18,000 tpa capacity (40M Lbs.)
- 78,840 sq. ft. facility
- Campus certified to ISO 9001: 2015 and ISO 14001:2015
- Black and color rubber compounds
- 3 – 3 roll calenders (72", 66", 66")
- Barwell extruder, Sagitta dicer, 24" slab cutter
- 2 – 2 roll mills for PA products (22'x60" and 26"x84")

Mixing & Compound Capabilities

Mixing Capabilities

Line	Liter	Avg. Batch	Style	Rotors	Type
1	120L	250 lbs.	Moriyama Tilt	Tangential	Black/Color
Mill 1	84"	250 lbs.	Adamson United Mill	2 Roll	Black/Color
Mill 3	84"	250 lbs.	Adamson United Mill	2 Roll	Black/Color
Mill 4	84"	250 lbs.	Adamson United Mill	2 Roll	Black/Color
Mill 60	60"	125 lbs.	Kobe	2 Roll	Black/Color

Compound Capabilities

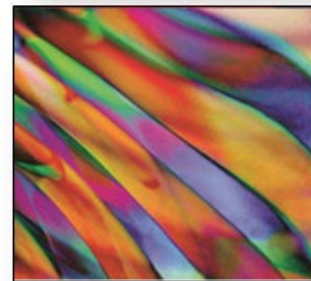

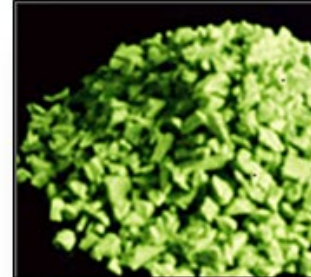

- ✓ Black and Color Compounds
- ✓ Endless Strips or Slab Compounds
- ✓ Strained and Non-Strained Compounds
- ✓ Calendered Compounds

Capabilities, Strengths & Differentiators

- **Polymers:** NBR, SBR, NR, CR, CSM, FKM, EPDM, Silicone, Millable Urethane, EPDM/Silicone Blend
- **Produce Performance Additives:** Color Masterbatch and Chemical Masterbatch
- **Forms:** Strips, slabs, calendared (Thickness = 0.03 - .1) (Width = 2"-68")
 - Barwell Pelletizer, Sagitta Dicer (1/4" cubes), Slug – up to 3" diameter, Coiling
- On site Development Chemists
- Small batch straining capability
- Expertise in Mill Mixing
 - Excellent for lower durometer compounds.
 - Portfolio includes Durometer as low as 5 for CR polymer.
 - Capability to mix smaller demand of color compounds due to shorter clean out between change-over.
- 3 lb. lab mixer for black and color mixing
- Development laboratory
 - Taber Abrasion testing
 - Goodrich Flexometer
 - Roll Builder/Grinding for testing

Performance Additive Products

- Accu-Way® Pre-Weighed Chemicals
- DesiCal® Calcium Oxide
- DSC® Silane Coupling Agents
- Lubrex® GTL Mold Releases
- Mastermix® Additive Systems
- MMC Colorants
- PolyBound® Polymer-Bound Powders
- Redimix® Oil-Treated Powders
- Stan-Mag® Magnesium Oxide
- VVO® Vulcanized Oils

Portfolio of Markets Served

Roller Industry Markets

- Graphic Arts Printing
- Steel & Paper Mill
- Industrial & Corrugated
- Can Coating
- Flexography & ESA Printing

Additional Markets

- Oil & Gas Applications
 - Swell Packers, Stators, Gaskets
- Construction applications
 - Bridge pads, Antivibration
- Industrial applications
 - Hydraulic & Pneumatic Systems
- Agricultural & Dairy products
